### Corporate Message

## Offering multiple proposals to help realize better housing and living

We thank you very much for your continued patronage and support. Supported by many customers so far, Japan Kenzai Co., Ltd. has grown as a core company of JK Holdings Co., Ltd. today. In October 2017, we celebrated the 80th anniversary of our establishment, and we take this opportunity to reaffirm our will to strive for further expansion.

"Clothing, food, and housing" are three basic factors for living a good life. When looking at these factors, clothing and food in Japan have matured to a high level equal to other developed countries. However, for housing, there are a lot that were built at a time when "quantity" was the main priority, so we cannot say that home environment quality in Japan is on a high level as a whole with other countries in the developed world. Japan Kenzai Co., Ltd.'s mission is to raise the quality of this home environment, to raise the standard of home environment in Japan up to the level of other Western industrial countries, and to respond carefully to the diversifying needs for housing and living in Japan. With the focus of the JK group being to "creating a home environment more comfortable and elegant", we are eager to engage in this business.

As a good partner to our customers and suppliers, and as a company focused on the housing industry, we believe our goals are to contribute to society by creating and providing a high quality home environment where people can experience delight and happiness in their daily life.

We have offered housing material and equipment to improve the quality of "housing" in Japan. However, to raise the quality of home environment even further, it is necessary to improve the quality of "living" - the way people live their lives. A transition from simply "selling products" to "complete service offering and sales" which is suggested from the viewpoints of both "housing" and "living" is needed to create a home environment more comfortable and elegant.

Japan Kenzai Co., Ltd. will continue to offer multiple proposals to realize a better housing and living from the perspective of "the way of housing & living".

President and CEO  
Akinori Ogawa

as of January 2018

### ■ Support of customer needs with completed logistics system

Japan Kenzai Co., Ltd, which is the core company of the JK Group, has sales offices and logistics bases that cover the entirety of Japan, to quickly meet customer needs in all “housing” related areas. In addition, the company conducts global business development in collaboration with the overseas bases of the JK Group.

#### Overseas bases of JK GROUP

### ■ Japan Kenzai Fair

The Japan Kenzai Fair, a high-profile event in the building materials industry, is a trade fair specialized in housing-related solutions that attracts in excess of 25,000 visitors and results in sales of 50 billion yen. Based on the theme of “SUMAIKATA/KURASHIKATA (Housing and Living Know-How)—The road to 2020,” we deliver “Net Zero Energy House” (zero-energy housing) solutions indispensable for energy saving standard compliant housing, as well as the latest earthquake resistance information to our customers.

### ■ J-GREEN Sales Launch

Following the entry into force of the Clean Wood Act (Act on the Promotion of the Use and Distribution of Legally Harvested Timber and Timber Products) in May 2017, any timber, plywood and other wood products must be certified to be legal. In response, Japan Kenzai has launched a new private brand, J-GREEN, which proposes mainly environmentally friendly wood products that combine function and aesthetics, and are certified to have been legally harvested.
